

# Zambo mayor scuttling peace talks—MILF

By TJ Burgarile

THE SECESSIONIST Moro Islamic Liberation Front yesterday slammed Zamboanga City Mayor Celso Lobregat for refusing to host an international team to monitor a cease fire agreement, and accused the mayor of sabotaging the peace talks.

Lobregat has rejected a plan to allow the 60-member monitoring team from Malaysia and Brunei to maintain a base in the city, saying that it would lure the separatist rebels, disrupt peace in the city violate a gun ban and spoil the city's image as a tourist destination.

Eld Kabaku, the MILF spokesperson, said Lobregat's refusal was "tantamount to sabotaging the peace process" based on "pure, selfish motives."

"Others are spending millions to help us attain lasting peace and here comes a local executive trying to scuttle the peace process," he said in a phone interview.

Deputy Speaker and Basilan Rep. Gerry Salapuddin also assailed Lobregat for his "unwelcome" remarks to the international peace monitors.

## 'Here to help us make peace'

"If we welcome the presence, sometimes the direct involvement of American soldiers against the Abu Sayyaf group, I see no reason why we apply different standards to the [international monitoring team] who are here to help us make peace," said Salapuddin.

Kabaku urged the government to avert further damage by convincing Lobregat to comply with a standing agreement among the government, its foreign counterparts, and the MILF to allow the peace monitors to maintain a base in Zamboanga City.

"The government should nudge this move by Lobregat. As far as I can recall, Zamboanga City is not an independent republic yet and is under the national government," he said.

"Besides, this is an international agreement reached after several consultations. We can't change it unless all the parties sit down again to amend it," he said.

The refusal reportedly forced local officials to look elsewhere for an alternative base for the monitors, who arrived in two batches this month to oversee the ceasefire agreement for a year.

## Doing consultations

Teresta Quintos Deles, the presidential adviser on the peace process, yesterday admitted that her office has not yet finalized plans for a transfer site for the monitoring team "because we need to do consultation first with the local government officials."

The team's arrival was hailed by both the government and the MILF, saying that it would bolster past agreements and lay the ground for the resumption of stalled peace talks.

Kabaku dismissed Lobregat's claim that allowing the monitors to stay in the city would invite violence as the MILF has been assigned to provide security for the monitors jointly

LOBREGAT

with government troops.

He said that contrary to speculations, only two rebels were assigned to guard the monitors at any given time, he said.

"We have no intention to occupy Zamboanga, much less distract the peace process. We want peace. They look down upon us as if we're barbaric people. Why should they fear two rebels? What are they fearful about?" Kabaku said.

Another team of four monitors from Libya is expected to arrive in the middle of next month when Ramadan, the Muslim holy fasting month, ends and exploratory talks are expected to resume.

## Accessible, strategic site

Brig. Gen. Alexander Vano, the government representative in the joint coordinating committee on cessation of hostilities, said Zamboanga City was a very accessible and strategic site for the peace monitors' work.

Lobregat said his city was not considered a conflict area and that the people were still suffering the trauma brought about by the Cabatangan rape perpetrated by the followers of Nur Misuari, the founding leader of the mainstream Muslim insurgency, the Moro National Liberation Front.

But Salapuddin said healing comes when there is forgiveness, stressing that "the business of making peace is both our individual and collective responsibility to make it succeed."

Salapuddin also reminded Lobregat "to contribute and support in every way the effective implementation of the ceasefire leading to the signing of the final peace agreement" with the MILF. With a report from Julie S. Alpala, PDA Mindanao Bureau

# AFP denies JI terror suspects are gov't assets

By Akela Papa

THE ARMED Forces yesterday belied the separatist Moro Islamic Liberation Front's claim that a member of the Jamaah Islamiyah terror group that allegedly planned to bomb the US Embassy in Manila was a military asset.

"The AFP strongly belies reports that the suspected Jamaah Islamiyah bomber, who planned to bomb the US Embassy in Manila is a 'military asset,'" said a statement from Lt. Col. Daniel Lucero, the chief of the AFP Public Information Office.

Military officials said the Mentang, who was arrested on Oct. 6 with his live-in partner Mirawara Usop and another associate, Murad Mubjon, had conspired the US Embassy in preparation for a planned bomb attack.

The three, who were presented to the media last Thursday, allegedly owned up to having carried out the Davao City bombings in 2003 which killed 42 people and injured hundreds of others.

Mentang also reportedly admitted to being an MILF member and of having been trained in demolition work by JI experts in MILF camps.

The MILF's chief peace negotiator, Mojaquer Iqbal, claimed last Monday that Mentang was working for the military as an informant.

Lucero said the AFP had in fact already presented Mentang and Usop for prosecution before the city prosecutor's office of Manila.

The prosecutors have recommended the filing of charges against Mentang and Usop for illegal possession of firearms, he said.

Military and police intelligence agents recovered a .38 caliber pistol and a .45 caliber pistol with live ammunition during a

raid on Mentang's house on Fabie Street in Sta. Ana, Manila, on Oct. 6.

The prosecutors also recommended the filing of separate charges against Usop for "attempted homicide" after she allegedly pulled out a .45 caliber pistol and pointed it at one of the raiders.

Mentang reportedly admitted during interrogation that he was a member of the MILF and that he belonged to the first batch of 13 MILF members trained in "basic demolition for urban terrorism" at Camp Hudaybiyah in Butig, Lanao del Sur, in 1995.

He said the training was conducted by JI leader Zuhdi, an Indonesian who was arrested in Malaysia late last year.

Mentang also said that it was he who assembled the bombs that were used in the Davao International Airport and San Wuluf explosions.

Iqbal claimed that the arrest of the three suspects was part of an attempt to divert public attention from the ongoing investigation of corruption in the AFP.

He also said the arrest was part of the military's efforts to link the MILF to the Jamaah Islamiyah, the Southeast Asia-based terror group which is linked to Osama bin Laden's al-Qaida international terror network.

The MILF chieftain also said that the military had used Mentang to arrest other suspects in the Davao bombings.

Defense and military officials maintain that JI militants are training local and foreign terrorists in the Mt. Katambo range in Lanao del Sur, an area controlled by the MILF. The Muslim rebel group has denied the charge.

Peace talks between the MILF and the government are set to start once Malaysia, which is brokering the negotiations, sets the date for the resumption of talks.

## Gov't drops gross income tax proposal

By Thomas H. Hines

PHILADELPHIA (AP) — The Treasury Department has decided to drop its proposal to impose a new federal gross income tax on corporations, a move that would have significantly increased the tax burden on businesses.

The proposal, which was part of a broader effort to raise revenue for the federal government, was announced last week. It would have required corporations to pay a new tax on their gross income, regardless of whether they had any profits.
